## Education budget up 8 percent

Education costs in Haliburton County will increase by almost eight per cent this year and as a result, local education taxes will be rising by an average of 6.6 per cent.

The board approved its 1988 budget last Tuesday, increasing the spending to \$10.8 million. While this represents a 7.97 per cent increase over the 1987 budget, increased provincial support has helped reduce the impact on local taxpayers. Provincial grants will increase by almost 10 per cent this year to \$3.99 million.

The average tax increase is 6.6 per cent, although the actual increase varies among the 10 municipalities. Cardiff will be hit with the highest increase, at 11.3 per cent. Dysart tax payers will see a 10.9 per cent hike. In Lutterworth the increase will be 8 per cent; 7.3 per cent for Snowdon; 3.9 per cent for Stanhope; 3.8 per cent for Sherborne, 4.4 per cent for Monmouth; 3.4 per cent for Glamorgan; 3.1 per cent for Minden and .003 per cent for Bicroft.

In presenting the very brief budget summary Tuesday, Business Administrator Jim Bradley said the increase is primarily due to the increasing enrolment being experienced across the board. He said enrolment has risen by 10 per cent and is expected to continue climbing. This, along with the board's commitment to smaller class sizes and additional preparation time for teachers, has created a need for additional teachers. This will cost the board an additional \$500,000 in salaries, said Bradley.

In addition, Bradley said the school buildings are aging and major work is planned for this year. Cardiff School will be getting a new roof at a cost of \$50,000. Many new windows will be installed at the high school at a cost of \$30,000. Bradley added that a number of smaller projects will add up to another \$100,000 in capital costs.

(more on page 18)

Dan Wullieme easily clears the bar in the Junior Boys' pole vault during the track and field meet at Haliburton Highlands Secondary School on Thursday. The meet was originally scheduled for Tuesday, but had to be postponed because of rain. Although the skies still threatened on

Thursday, the rain held off and the meet went ahead with nine school records being broken. Wullieme finished second in his event clearing a height of 2.73 metres. For more pictures and a complete listing of results, see pages 10, 11 and 12.

## Smoking ban resolution defeated

### Problems need to be worked out

After more than two years of deliberations, the Haliburton County Board of Education is not yet ready to declare its buildings smoke-free areas.

With a 10-3 recorded vote at Tuesday's meeting, trustees defeated a motion that would have outlawed smoking in all buildings owned by the board, except those being rented out.

Although most trustees spoke in favour of eliminating smoking within the buildings, a number of problems would first need ironing out before they would be willing to pass such a motion. One of the main problems noted is the irony that would be created by denying teachers a

smoking area while allowing students to continue their practice in the school yard.

Trustee Len Salvatori objected to the proposal on these grounds. "We're telling adults you can't smoke, but it's okay for the students," he said. "Some place along the way we have to let the students

know there is no smoking."

He suggested that the school grounds should also be included in the no-smoking area and moved an amendment to the motion. However, no one would second Salvatori's amendment.

Board Chairman Lynn Craigmyle was the main proponent of the smoking

ban. He said the board has been discussing this issue for two years and unless something is done, the debate could go on for another ten years.

The problem is that non-smoking teachers have to share a building with smokers. Although all the schools have designated smoking areas, these are generally located in the

(more on page 2)

## No non-smoking rule

(from page 1)

staff rooms, which are shared by all teachers.

An outright ban on smoking in the buildings would mean that teachers who wish to smoke would have to leave the property to light up. Although the motion would have allowed smoking on the school grounds, teachers are discouraged from smoking in the presence of students.

Trustee Wendy Ladurantaye suggested that forcing teachers off school property during lunch breaks would interfere with their ability to provide extra help to students at that time.

When the no-smoking motion was defeated, trustee Cheryl Murdoch

said the board will now have to look at other solutions to the problem. The board will have to find a way to either separate the smokers from the non-smokers or provide better ventilation in the smoking areas. She had earlier noted that a "Smokeater" had recently been installed at the Minden Curling Club and has done a great job of clearing the smoke there.

Although some trustees believe teachers should be setting an example to the students by not smoking, Dale Robinson, a former principal at the high school, noted that smoking among students is declining rapidly. Robinson, who is the board's curriculum co-ordinator,

said that having designated smoking areas in the schools does not mean teachers are encouraging students to smoke.

There are only about 30 or 40 students at the high school who smoke, Robinson told the board. "When I started teaching there, half the student body smoked."

Robinson also commented on the possibility of banning smoking on the school grounds. He said this would not convince the students to quit, because they would simply move off the grounds for a cigarette. A smoking ban would simply move the students from behind the school to out in front, where the problem would be more visible, he said.

## Snowdon, Dysart will get provincial grants

Two municipalities and one business in Haliburton County will receive \$93,625 to improve their tourism and recreational facilities. MPP John

Eakins has announced.

Eakins, who is Minister of Municipal Affairs, made the announcement on behalf of Tourism and Recreation Minister, Hugh O'Neil.

The Township of Snowdon will receive \$2,400 to upgrade Lochlin Ball Park and \$3,250 to upgrade Irondale Ball Park. The Lochlin Ball Park is in need of a new outfield fence and the Irondale Park needs a new backstop screen and bleachers.

The Haliburton Arena - Community Centre will soon have new lighting installed, thanks to an \$11,550 grant for the Municipality of Dysart et al.

The Trailfinder Lodge and Outdoor Centre located in Dorset, will receive \$25,000 for marketing assistance. The contribution is part of a \$60,000 project to effectively market the operation.

|                                                                                                                                                                                                          |                                                                                                                                                                                 |

# Hospital committee proposed at meeting

The fear of losing the Minden Hospital as services expand at the Haliburton Hospital has prompted at least one resident to start pressing for an expansion here.

At last Thursday's meeting of Anson, Hindon and Minden Townships council, Judy Davis became involved in a lengthy discussion about the future of the Minden Hospital. The topic had initially been raised when Bill Kulas, Minden representative on the hospital board, made a presentation to council, updating the information on board happenings.

The more services Haliburton Hospital takes on, the less the board will

feel there is a need for a hospital in Minden, Davis said to Kulas and council, "I'm afraid we'll lose what's there," she said.

Kulas, however, does not believe this will happen. "In my opinion, I can't see that," he said. "I'm not speaking on behalf of the board, but I can't see that happening."

One of the main stumbling blocks to having an addition built on the Minden Hospital is that the structure is now wood frame. Kulas said the Ministry of Health is reluctant to provide funding for an addition to such a building. However, he did agree that the Minden Hospital is needed, and said the first

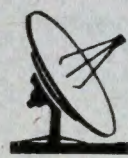

step in the process is to have a needs study carried out.

Kulas estimated that a study would cost from \$10,000 to \$30,000 and would have to be entirely funded locally. He said if there is enough interest a committee should be formed to do the ground work prior to a study and to raise the necessary funds.

Both council and Davis were asked to write a letter to the board expressing their feelings. Kulas also said he will relay the message to the board at the next meeting and bring back whatever advice is needed to set up a committee.

It wasn't quite Carnegie Hall, but the Minden Fire hall certainly did the trick last Friday as the HHSS Stage Band put on a performance in the morning. Although the concert was to have been played at the Village Green, that idea had to be abandoned because of rain. However, the fire trucks were quickly moved out of the hall so the concert would not be rained out. The band will be performing again next Friday, May 6 at the high school at 7:30 p.m., so all of you who missed out on Friday's concert can catch the music again.

### Great support

Over the past year, residents of Haliburton County surprised everyone with their generosity in raising the funds necessary to build an addition to the Haliburton Hospital. We are very pleased to see that this same generosity has also been extended to the students who will soon be representing us at the National Stage Band Festival in Calgary.

It was only a few weeks ago that an ambitious fund raising drive began. The band was given short notice that it was invited to compete on the national level and the goal of raising close to \$17,000 seemed distant.

However, in true Haliburton fashion, residents from all parts of the county, most municipal councils, service clubs, various businesses and the board of education have come forward to see this goal met.

Last Friday, the band helped to repay the generosity by giving a performance in both Minden and Haliburton Villages. With rain falling again Friday morning, it looked as though the concert in Minden might have to be cancelled, but thanks to Minden's Deputy Reeve, Bern Berry, the firehall was soon made available and the concert went ahead.

This has been a tremendous effort and we're sure the band will do us proud in Calgary.

The letters column, one of the best read sections of the newspaper, is open to all readers for expressing opinions on matters of local interest. In encouraging readers to make use of this service, we would advise that letters which are not too lengthy, come to a point clearly and quickly, draw the greatest readership. All letters to the editor must be signed with information provided so we can authenticate authorship, and writers should be aware that their names will appear with the letter.

We reserve the right to edit letters for length or content, however edited letters will not be printed without the author's approval of the changes. Letters rejected for publication will be returned. We also reserve the right to reject any submissions.

—Breaking the mist—

## Refining the art of punishment

One thing that distinguishes humans from all other tenants of this orbiting mudball called Earth, is our talent for chastising our own kind. In the department of meting out punishment, we're maestros -- have been all down through history. The Romans spiked Christ (and countless thousand other malcontents) to a cross of wood. The French lashed Joan of Arc to a stake, piled kindling around her feet and made a bonfire of her. In 1632, in the sleepy little burgh of Salem, Mass., the good citizens arrested 150 men and women and sentenced 31 of them to death for being witches. Nineteen were hanged, two died in jail and one was slowly crushed to death with heavy rocks.

When it comes to righteous vengeance, we are

### black 'n white

by Arthur Black

nothing if not inventive.

Not that there was anything unduly harsh about 17th century Salem's idea of justice. At the same time, there was a law on the books in England that sent people to their death for thefts of anything valued at 13 and a half pence or more. And up until 1839 you could still go to the gallows in Canada for any of 230

offences, one of which was stealing turnips.

Times sure have changed -- and so has our concept of criminal punishment. We've come a long way from the days of slave galleys and ball and chains.

Perhaps -- with all due respect to Clayton Ruby, Civil Liberties pit bulls everywhere and the blindfolded lady with the weigh scales in her hand -- perhaps, a pace or two too far???

I'm looking at the predicament of poor Ivan Boesky. Ivan, in case you missed the headlines, is an ex-Wall Street trader -- subspicés: fast and loo se. Ivan made hundreds of millions of dollars on the stock

(more on page 6)

# A moving experience

## jack's world

by publisher Jack Brezina

Anyone who has moved to a new residence is well aware of the mixture of emotions that accompanies the re-location. It is always difficult to leave the familiar behind, the well-worn paths of daily routine are comforting and reassuring. The familiar settings embrace many memories which take on a greater significance when one realizes they are soon to be abandoned. Ahead, there is the adventure of a new residence, a fresh experience, and, to a degree, the apprehension that comes with charting new waters.

As I have discovered over the past few weeks, the emotional attachment to one's "home" is a lot stronger than I had anticipated. In my case, the impact of the move is heightened by the fact that a major portion of my home is being dismantled. The Minden County Town Museum Committee is preparing to relocate and preserve the central portion of my home. Under the Insulbrick and clapboard layers that covers it, is a log structure about 135 years old, one of the oldest residences in the Minden area. The society members are interested in the central portion of the house where the logs still carry the lines of the adze that chipped them square over a century ago.

## Its hard to just walk away

However, it is difficult to simply walk away from this home. The screech of spikes being ripped from the lumber as the years are stripped back cuts like a sharp blade. The job is mostly done now, and by the time you read this it is likely the home will have found a new resting place near the museum. But for now, she stands naked against the hill, a jumble of rubble skirting her apron. The roof is gone, sections of walls taken down releasing the ghosts of a century and more. The place I called home, my haven, lies open and vulnerable.

Of course, I've known since last year this would be the fate of our home and, in a way, I prepared myself for the day that I would walk away from it for the last time. Interestingly, I've been back many times since the family formally moved out. Back to salvage a forgotten treasure or retrieve items squirreled away in the garage. Each time I return, the dismantling process was a little further along, and each time the attachment I took so casually in the past grows stronger.

As the layers of additions, crafted by the various owners over the years, are pulled back, I wonder how they might feel to witness the process that once again brings their handiwork to the light and then see it stripped away. What stories those layers must hold, what memories the walls embrace.

Naturally, I am gratified to know the skeleton of the house, the log core, which has sheltered so many families over the years, will be preserved as a tribute to the area's earliest pioneers. And, I come to realize only now, how privileged our family has been to share so intimately an historical legacy stretching back 135 years.

So, on behalf of the families with whom we have enjoyed this home, for the shelter and warmth this home has provided, for the haven and security its walls have created, I salute you old friend, and wish you honourable and useful years of retirement.

ers letters letters letters le

## Dilemma on the golf course

Editor:

There is a dilemma on the golf course, it is sitting on hazard land. (Quote: most of Minden is hazard land.)

The townships of Anson, Hindon and Minden has acquired some land-locked, hazard land which they want to use for future cemetery purposes.

The only way to this property is across the golf course, because the donator didn't give them access to the property.

The township of Anson, Hindon and Minden has to build a new bridge that will cost thousands of dollars that goes nowhere, (another James Snow Parkway) and build a six foot high mesh fence, using

he taxpayers money.

When we read in the paper about the residents of Minden complaining about the conditions of the roads and the council tells them they have "no money". But they have money to build a bridge, survey hazard land, erect a mesh fence, with your taxpayers dollars. No wonder Anson, Hindon

and Minden does not have any money to repair the roads.

If the council doesn't stop they will have nothing in Minden, not even a golf course.

The cost of getting to the property far exceeds the value of the property.

Sonia Stevens,  
Minden.

## Stop killing

The following letter was written by a seven-year-old Minden boy after watching a film on abortion recently.

Dear Mr. Mulrony,

I am 7 years old and'm in grade 2.

I live in Minden, Ontario.

I'm not pleased about abortion becuse its a horrible thing to kill babys before they are born. It is sin to kill anyone especally one who is so little becuse Jesus loves the little children.

Please don't let this happen anymore.  
love, Jared Fast

## Long distance delivery

## Now that's service

Editor:

We left in November for our first winter in Florida.

We thought we had enough medication to last us five months.

Around the middle of February, I realized I was going to run out of Ventolin, as I have emphysema and need four puffs of Ventolin a day to breathe.

After lengthy dis-

cussions about what we should do, I decided to phone Minden Drug Store and talk to Paul Heffer, our druggist about the situation but Gord Allen answered the phone. I told him my problem and asked him if he would mail my prescription to Florida to me and he said "I will do better than that, I am coming down next week and I will bring it to you."

Sure enough, the next week Gord came right to our door in Lakeland with the Ventolin (no charge).

Now that is personal service. Where else could we get drug store delivery 1400 miles away but in Minden, Ontario.

We sincerely thank you.

Bertha and Art Kirk,  
Lutterworth Estates,  
Minden.

## Easy time

(from page 5)

market and he did it by lying, cheating and conning. In the end, Ivan got too greedy and was caught with both hands in the till. He was arrested, tried, convicted and sentenced to jail.

Sort of. It wasn't a jail that any inmate of Okalla or the Kingston Pen would recognize. Ivan is incarcerated -- if that's not too strong a word -- in a "correctional facility" in Lompoc, California. It's an arrangement that Ivan requested in return for squealing on some of his former colleagues -- and if you could see the Lompoc promotional brochure, you'd know why.

There are no guard towers or searchlights at Lompoc -- in fact, the cell doors aren't even locked. If Ivan gets bored watching TV or reading books from the library, he can always stroll down to the prison tuck shop and pick up a pint of Haagen-Daz ice cream or perhaps a nice fat Partagas cigar -- both treats available for a mere \$2.50.

Not that it's all fun and games at "Club Fed", as the Lompoc Camp is known in prison parlance. Inmates are denied the use of private telephones, for example. They have to make do with one of the eight pay phones in the lobby. And they're not allowed to wear business suits or carry more than \$20 in their pocket at any time.

Sure it's tough -- but these people are being punished, remember? Poor Ivan Boesky. Just because he stole a measly \$150 million or so, he has to spend the next three years in that hellhole. I hope society is satisfied.

And before you allow yourself a wry Canadian chuckle about the ongoing insanity in the United

Flakes of America, direct your gaze to the system of jurisprudence this side of the border -- specifically to the rap sheet of this elegant looking gentleman, one Real Simard.

Real's a charmer -- a former hit man for the Montreal mob. Nobody -- not even Real -- is sure how many people he's murdered -- he's admitted to 5, but it could be 35. In any case, everybody knows for sure that he did in Mario Heroux. Simard confessed to that murder and is currently serving a sentence of life imprisonment for it.

Sort of. Actually, Real made a bit of a deal with the authorities too. In return for putting the finger on some of his fellow underworld slimeoids, Real currently enjoys a colour TV, a microwave oven and a refrigerator in his cell. Oh yes, and just in case he happens to be tied up and unable to come to his private cell telephone, the police have laid on an answering machine to field his calls.

There's more. Because of his cooperation with police, Real Simard -- a convicted multiple murderer remember -- gets an eight hour pass every two weeks. He sometimes uses it to go to fancy restaurants, or, if conditions are good, Real will head for the slopes. He's a keen skier. Now that warm weather is here, Real will be spending a lot more time pursuing his fair weather passion -- golf. Check out that guy in lime green slacks on the first tee. Try out a tentative 'bonjour' on him, if you like, but by all means let him play through if he wants to. Could be Real Simard.

Aw, but don't get yourself upset about this. He's only serving life, remember?

Which means that with time off for goof behaviour, he'll be back on the streets before you could work up a half-decent petition.

## Improvements planned for 118

Transportation Minister Ed Fulton announced that tenders have been called for structure rehabilitation on Highway 118 at Anson Creek Bridge and Black River Bridge, 13 km and 25

km west of Highway 35. This project on Highway 118 is undertaken to rehabilitate the Anson Creek and Black River Bridges west of Highway 35. The work includes new

deck joints, concrete repairs and paving.

The results of this work will extend the life of these structures, provide improved driving conditions and reduce ongoing

maintenance requirements at these two locations.

Tenders will be opened for this project at ministry headquarters in Downsview, May 25, 1988.

## Flemming rewarded for tip

Stan Fleming, MNR Fish and Wildlife Supervisor in Minden, was one

of 74 winners in Ontario Hydro's Enersave contest. He was congratulated last

Thursday by John Eakins, Minister of Municipal Affairs and MPP for

Victoria-Haliburton, and Cal Wilson, Ontario Hydro Manager for the Minden Area.

Flemming noticed that the outside flap on the clothes dryer vent resembles the damper on a wood-burning stove. But unlike the stove damper which has a weight at the bottom to keep it closed and keep the heat in, the dryer flap swung free even when the dryer wasn't in use, allowing household heat to escape. "So I drilled a 1/4-inch hole at the bottom of the flap and inserted a nut and bolt. The additional weight holds the flap closed."

In recognition of his innovation, Fleming received a G.E. microwave oven from Ontario Hydro and a \$100 gift certificate from Pro Hardware. His tip was one of 10,000 energy-saving tips

John Eakins, Minister of Municipal Affairs and MPP for Victoria-Haliburton, left, and Cal Wilson, Minden Ontario Hydro Manager, right, congratulate Stan Fleming on his winning energy-saving tip. Fleming's suggestion was one of 74 winners out of 10,000 tips sent in to Ontario Hydro.

# \$13,000 grant for addiction services

A new substance abuse program for residents of Victoria, Haliburton, Northumberland and Peterborough counties has just been approved. Victoria-Haliburton MPP John Eakins has announced.

The Ministry of Health will provide \$250,000 in annual operating funds and a one-time capital

grant of \$13,375 to the Four Counties Addiction Services Team in Peterborough. The funds will establish a substance abuse program for residents of the four counties.

The program will hire seven full-time and two part-time staff to establish a community-based intervention program. It will include an expansion

of its existing addiction assessment and referral services, the development of drug education strategies and counselling services for young people and their families and a day treatment program. Mr. Eakins, who is the Minister of Municipal Affairs, made the announcement on behalf of the Honourable Elinor

Caplan, Minister of Health.

The Ministry of Health will also provide \$55,512 in annual operating funds to the John Howard Society of Peterborough to set up the Drug and Alcohol Treatment/Education (D.A.T.E.) Program.

The John Howard program includes alcohol and drug treatment specific to

the needs of young people in trouble with the law. They may be referred by police or parole officers, their families, other community agencies or apply personally for admittance to the program. Full-time staff will provide education, counselling and case management to 40 young people annually.

Both programs had been recommended by the Haliburton, Kawartha and Pine Ridger District Health Council.

These are two of 37 new or expanded drug and alcohol treatment, counselling and education programs for young people which have received ministry approval for funding effective April 1.

## The strain of competition

Competition was strong and the calibre of performance was high during the track and field meet at the high school on Thursday. Shown here, top left, Lesley Tashlin kicks out of the starting blocks ahead of Jeleen Schroder in the Senior Girls' 100 metre race. Above, Mark Sorensen crosses the finish line ahead of the pack in the Senior Boys' 400 metres. Far left, Mr. Stouffer keeps a close eye on the clock as runners tear up the track. Left, Taly Williams clears the bar at a height of 1.7 metres to win the Junior Boys' high jump.

# Track records fall

School track and field records were being broken faster than new year's resolutions during the Haliburton Highlands Secondary School track and field meet held last Thursday.

A tremendous amount of promise for the coming track meets was shown as nine school records were shattered during the day-long meet under skies that threatened rain.

The rain held off, though, and the student athletes broke record after record. In the Midget girls triple jump, Arlene Simmons is the new record holder with a distance of 8.65 metres.

Cheryl Smith now holds the record for the junior girls discus with her winning toss of 27.8 metres. Lori-Anne Duguay holds the new record for the junior girls triple jump, going a distance of 8.8 metres.

In the midget boys' 400-metre race, Craig Bain finished with a time of 58.6 seconds to set this record.

Brent Flood is the record holder for the junior boys' 400 metre, finishing in a time of 56.8 seconds.

Taly Williams won the junior boys' triple jump with a record-setting distance of 12.57 metres - more than two metres further than the second place finisher.

Shawn Stoughton now holds the school record in both the seniors boys' long jump and triple jump. The new long jump record is 6.13 metres and the new triple jump record is 12.13 metres.

This was the first track and field meet of the year for the students and the results will help in establishing a team to go

on to further competitions. This Thursday, the team will travel to Fenelon Falls to compete in the Kawartha West meet. The following Thursday the team will compete at the Kawartha meeting at Trent University in Peterborough. And on May 19, they will travel to Napanee to compete in the Central Ontario meet.

The top three finishers in the various events at Thursday's meet are as follows:

## Midget Girls

100M - Mary Ingrosso; Tracey Popple and Arlene Simmons.

200M - Mary Ingrosso, Melanie Meharrie and Karen Cooper.

# AHM council notes

Anson, Hindon and Minden Townships Council met on April 28 and the following items were among those addressed:

## Building permit

Council will not be waiving the cost of the building permit for the non-profit seniors housing being built adjacent to Staunworth Court.

Council felt that it has already contributed a great deal to the project and sold the housing corporation the property at a discount

rate. The cost of the building permit and associated fees could be as high as \$9,000.

Councillor Bern Berry argued that waiving only the price of the building permit and not the associated fees, would be a gesture of help for local seniors. "Anson, Hindon and Minden does a lot for a lot of people and maybe not enough for the seniors," he said.

However, Councillor Verne Graham noted that the project is entirely funded by the provincial

and federal governments. He said the cost of a building permit would not be coming out of the pockets of the seniors.

## Flood plain

Orillia Water Light and Power has asked council to waive the flood plain restrictions as they would apply to their property, but council says it can not.

A letter will be sent to OWLP asking specifically what property it is referring to and informing them that their request should be sent to the

Ministry of Natural Resources.

## Advertising

Because Reeve Sinc Nesbitt is angry with The Times, the municipality will not be advertising in the Minden and District Directory this year.

A resolution to advertise in the directory had a tie vote by the councillors and the Reeve's vote was needed to break the tie. Explaining that he was upset with the lead story in the April 25 paper, he voted against the resolution.

KOM 2K0

Winning the Tuesday night men's league in the first half of the schedule at Minden Curling Club was the Pollard rink which included Bob Nangle, Ken Kernohan, Ed Cyr and Bob Pollard. They received their trophy at the awards banquet on April 23.

Herb Roodenburg's rink of Janna Obee and Hunter Obee and Bill Beers received the trophy sponsored by Dollo's IGA at the year end banquet on April 23. This team won the over-all mixed championship in the second half of the schedule.

Ross Wray's rink of George Hewitt, Kirk Taylor and Jim Brown won the men's league championship in the second half of the schedule and received their trophy during the awards on April 23.

The over-all championship in the first schedule of mixed curling in Minden also went to a rink skipped by Herb Roodenburg. Helping to accept the trophy is Lori-Ann Welch.

## ONTARIO GOVERNMENT NOTICE PROPOSED HIGHWAY STUDY

The Ministry of Transportation has initiated a study to examine potential improvements to Highway 118 from the junction of Highway 35, Easterly for 8.0 km under Work Project No. 62-79-01 in District 11 - Huntsville.

The reconstruction considerations include various alternatives to correct the vertical and horizontal alignment, along with improvements on the existing roadbed to correct structural deficiencies.

Proposals include muskeg excavation and backfill, replacement of culverts with modification to existing drainage conditions, grade revisions - both cut and fill, providing adequate granular depth with hot mix paving throughout.

Three areas previously upgraded, by Day Labour Forces, within the project limits will also be paved.

Side roads, commercial and private entrances will be upgraded to Ministry standards.

This study will follow a planning process which has been approved under the Environmental Assessment Act, 1975. This approval requires that an Environmental Study Report be filed with the Ministry of the Environment (M.O.E.) prior to construction. Public notification of the availability of this report will be made at the time it is sent to M.O.E. The approval also provides for any member of the public, public group, other Ministry, agency or municipality to request that an individual environmental assessment be prepared for this project, if serious environmental concerns exist. Where these concerns are deemed significant by this Ministry and/or M.O.E., then the environmental assessment would be subject to formal review and approval process and be subject to a hearing where necessary.

We are interested in hearing any comments or concerns you or your group may have about this project. If you wish to be involved in this study and receive further information, please contact us. Any further notification by this Ministry shall only be provided to those who have expressed an interest in being further involved.

Please send any comments or requests to:

The Carnarvon Lumber trophy awarded to the top team in the league play in the men's curling league went to Dwight Thomas' rink. Team members were Peter Jennings, John Bath and Shayne McKelvey.

Winning the Thursday night mixed curling league trophy for the first schedule was Bob Colliver's rink. Helping to accept the trophy are teammates Jean Colliver, Rick Salmon and Rosemary Hartley.

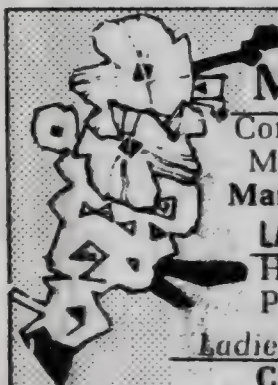

## Did you know?

by Doreen Hawman  
As a result of recent legislation, municipal enumeration will be mailed to you rather than the traditional door to door visit by an enumerator. Your household will receive a notice and a

postage-paid envelope anytime after April 27, 1988 to be completed and returned by May 12, 1988.

A follow-up visit by an enumerator will be made to households failing to return the notice. If, after the follow-up period, there

is still no return filed for a household, the electoral status of the occupants will be based on the ownership or tenancy data as indicated on the assessment roll.

# Haliburton Village BIA moves closer to reality

by Susan Wilson

The proposed Haliburton Improvement Area moved another step closer to reality last Thursday evening at a public meeting in the Haliburton Curling Club.

The meeting was called to encourage those interested in establishing a BIA to volunteer for the Board of Directors. Pamela Brohm, spokesperson for the Steering Committee, outlined the steps that come next. "We will submit a list of names to the Municipal Council and they will choose the board. We want a board of about 11 to 13 members since not everybody can be at every meeting. That way there will always be enough people on hand to make the necessary decisions," she said.

John Eakins, Minister of Municipal Affairs and MPP for Victoria-Haliburton, was invited as guest speaker. While

Eakins' ministry has no direct involvement in whether or not the decision is made to have a BIA, it does provide on-going support and expertise to groups interested in establishing one. However, he left no doubt that he feels BIA's are a good idea. "This is a true win-win situation," he told the audience of local business people. "Business owners speak with the strength of one united voice. And council deals with one board representing a group of businesses, instead of many individuals wanting many different things." He also pointed out that the existence of a BIA can pay dividends to Haliburton in other ways, such as in applications to his and other ministries for grants and other funding.

Mirko Lakoseljic of the Community Renewal Branch of the Ministry of Municipal Affairs has been working with the BIA

Steering Committee. He reminded the meeting that a BIA is a self-help group and support must come from the grass roots. The BIA will determine its own program and what the costs and benefits will be; these improvements must be over and above those that normally fall under the responsibility of the municipality.

The meeting was then opened up for general discussion, but few questions were raised and none involved objections.

The next step in establishing the BIA will take place today when the municipality sends out a formal notice of intent to all businesses within the proposed BIA boundaries. "There will then be two 30-day periods for people to file objections," Brohm said after the meeting. "If there are no objections that have to be taken to the Ontario Municipal Board, then I think we will have

our board in place by the end of July." But it's still going to take several months before the group is in high gear. "We will need a few small high-profile projects at the beginning. But during our first year, our most important task is to plan carefully," she said.

The meeting, chaired by Eric Edwards, also took advantage of the opportunity to hand over the money raised during Yamafest '88. Kim Emmerson, chairman of the Haliburton Rotary Club's Yamafest Committee, presented two cheques to Andrew Stelmachovich, Easter Seals' Area Supervisor of Service Club Relations: \$1,500 (proceeds from the

## Board grants travel costs

The Haliburton Highlands Secondary School Badminton team will be granted up to \$1,240 for transportation to the OFSAA competition.

HHSS Principal Andy Hemphill made the request for funding to the board last Tuesday, saying the actual cost will depend on the number of students who will qualify for the tournament. He said the players will be competing at the central Ontario meet and as many as ten could qualify for OFSAA.

If only two or three

qualify, they could travel by car. However, if nine or ten qualify, a bus will be needed.

Students' council has been approached for funds to cover accommodations for the players, entry fees and coaches meals will be paid out of the phys-ed department budget and players will pay for their own meals.

The board was also advised that a similar request will soon be submitted for the track team to participate at OFSSAA.

## Yamafest funds handed over

(from page 15)

casino) and \$300 from the sale of sweaters. To Barb Dawson of the Haliburton Hospital Expansion Fund, he presented a cheque for \$2,000 (proceeds from the lounge) and another for \$300 from the sale of sweaters. A third cheque for \$300, also from the sale of sweaters, went to the BIA Steering Committee. Robert Gumiela, Pro-

motion Manager of Yamaha, took a moment to thank the business community of Haliburton for their support during Yamafest '88. He said his company is ready and waiting to present Yamafest again next year. "Haliburton is the chosen site, providing the community says yes," he announced. Tentative dates for Yamafest '89 are February 17, 18 and 19.

# Province ensures rehab services

by John Eakins, M.P.P.

As many people in Victoria - Haliburton are aware, the Worker's Compensation Board plays an important role in our community. That is why I was pleased about the new long-term medical strategy for the rehabilitation of injured workers which was recently developed. As envisaged by the Government of Ontario in its most recent Speech from the Throne, the proposal outlines a three-level model. This model ensures prompt, efficient, high-quality medical rehabilitation available at the community level. I think it is important that injured workers be allowed to remain as close to home as possible during treatment. I know my colleague, the Honourable Gregory Sorbara, Minister of

Labour, feels the same way.

The new strategy calls for the establishment of a medial rehabilitation institute, a number of rehabilitation centres and a network of community rehabilitation clinics across the Province. Under the proposal, the first level of care will be handled by community-based rehabilitation clinics. The second level of care will be operated through the

regional centres and will serve workers needing prolonged recovery. This second tier will also provide comprehensive evaluations of rehabilitation and health needs of the worker. The third level will research work-related injuries and rehabilitation problems, develop quality control programs and train rehabilitation specialists. This level of care will

operate out of a medical rehabilitation centre associated with a major university.

The Government of Ontario has not endorsed the strategy at this stage, but I can assure you we

strongly support the theme of the strategy. It is important to ensure that the medical rehabilitation system in Ontario is sensitive, humane, rational and, at the same time, efficient.

## Budget up 8%

(from page 1)

Another major expenditure for the year will be the purchase of additional classroom computers. Bradley said the board has made a commitment to providing more computers in the classrooms and this year, \$100,000 has been

budgeted for this purpose.

Traditionally, education costs account for about 60 per cent of the total local tax bill. This 6.6 per cent increase in education taxes combined with a three per cent increase in County taxes and with the yet-to-be-announced increases in municipal taxes.

## NOTICE

IN THE MATTER OF THE MUNICIPAL ACT: and IN THE MATTER OF a proposed By-law of the Corporation of the Township of Lutterworth to stop up, close one portion of the sixty-six foot unopened Original Shoreline (Marine) Allowance for Road, in front of Part of Lot 22, Concession 1, Part 8, Plan 379, and the shoreline perimeter of Spar Lake, in the Township of Lutterworth and to convey the aforesaid Shoreline portion to the abutting property owner.

NOTICE IS HEREBY GIVEN, PURSUANT TO Section 301 (1) (a), of the Municipal Act R.S.O. 1980, that the Council of the Corporation of the Township of Lutterworth proposes to consider and if deemed advisable, to pass at its Regular Meeting to be held at the Council Chambers, 3 miles south of Minden, on Highway No. 35, on Tuesday, May 31st, 1988 at the hour of 4:30 p.m. a By-law to stop up and close the portion of land more particularly described as follows:-

### SCHEDULE "A"

ALL of that adjoining part of the sixty-six foot unopened Original Shoreline (Marine) Allowance for Road along the shoreline perimeter of Spar Lake, in front of Part of Lot 22, Concession 1, Part 8, Plan 379, in the Township of Lutterworth, in the County of Haliburton, designated as Part 1 on a Plan of Survey deposited in the Registry Office for the Registry Division of Haliburton (19) as Plan 19R-4038.

A copy of the Survey Plan 19R-4038 is attached to the proposed By-law and may be viewed at the Lutterworth Municipal Office during normal working hours.

AND FURTHER TAKE NOTICE that before passing of the said By-law at its Meeting to be held at the time and place aforementioned, the Council of the Corporation of the Township of Lutterworth, shall then and there hear in person or by his or her counsel, solicitor or agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at the Township of Lutterworth this 22nd day of April, 1988.

Jeanne A. Simpson, A.M.C.T. (A),  
Clerk-Treasurer,  
P.O. Box 176,  
MINDEN, Ontario

# Remember the loons

## outdoors

Federation of Ontario Naturalists

In the north country snow is melting fast. Last weekend in Haliburton, every time I wakened during the night I could hear dripping from the eaves and the subdued murmur of meltwater. In other times that sound would have lulled me happily back to sleep. This year I lay awake wondering what effect the run-off was going to have on the life in the lake. Last summer for the first time in my memory there were no young loons on the lake.

The spring rush of melted snow into lakes and rivers is an acidic jolt to the aquatic ecosystem. The pH of normal snow is 5.0-5.6, the pH scale 0-14 is used to measure whether a substance is acidic or alkaline. Distilled water with a pH of 7.0 is neutral; vinegar has a pH of 3.0. Because the pH scale is logarithmic there is a tenfold difference between each number. If the pH drops from 7 to 6, the acidity is tenfold greater. If it drops from 7 to 5, it is a hundred times greater. Certain species of fish such as smallmouth bass cannot tolerate a pH below 5. As concentrated spring runoff sometimes has a pH as low as 3.8, its effect on aquatic

life can be disastrous.

The effects on forest cover, though less direct are just as severe. Sugar maples, for instance, show thinning or bare crowns, split bark, and fall colouring as early as July. Acid deposition appears to cause serious nutritional problems for trees. Phosphorous, which exists normally in forest soil and is an essential element in plant development, is unavailable to plants in acidified soils. Aluminum, normally insoluble, is liberated by the acid and forms aluminum phosphate, thus removing phosphorus as an available plant nutrient. It is suspected that the same process may also be at work with nitrogen, potassium, calcium and magnesium. The fact that half Quebec's commercial sugar bush has been destroyed in the last five years is proof that something has gone wrong. Acid soil conditions also seem to affect other deciduous trees and may slow the growth rate and cone production of conifers.

What causes acid deposition? Sulphur dioxide

(more on page 24)

### WHO IN THE WORLD IS MGC??

Minden Gospel Church is a group of people who are committed to Jesus Christ and His Word, the Bible. We believe that God's word has the answer to all of man's problems.

MGC is one of over one hundred Canadian churches known as the Associated Gospel Churches.

#### SERVICE SCHEDULE:

**Sunday:** 10:30 a.m. - Worship Service  
(Jr. church and nursery provided)

6:30 p.m. - Family Fellowship Time

**Thursday:** 6:30 p.m. - Family Night

Children - Tree House Club

Adults - Bible study and prayer

#### Why not join us for some of our upcoming events:

**May 12-15 - MGC Mini-Missions Conference**  
Seminars, films, potluck lunch

**May 28 - 9:30 a.m. - 3:30 p.m. Ladies AGC Regional Spring Rally. Theme: "Power under Pressure."**

Keep your eyes & ears tuned for information on a program for MEN - the newest program at MGC.

AT MINDEN GOSPEL CHURCH WE CARE!!

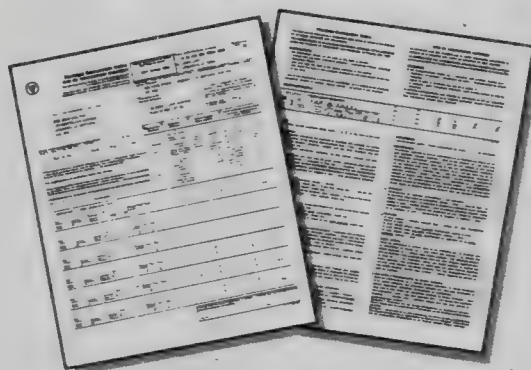

# Don't be missing on May 12th!

May 12th is the date by which the Municipal Enumeration Notice mailed to your household must be completed and returned.

### Five easy steps to complete your notice

**Step 1.** Just look at the front of the notice and check the information shown... that's all you have to do. The explanations on the back are to give you further details if you need them.

**Step 2.** If any of the information shown about occupants is incorrect, simply cross it out and write in the correction. Add information about new occupants, including children. If you don't have enough space on the notice, attach a separate piece of paper with all the details.

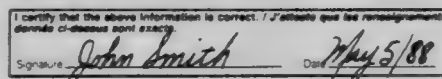

**Step 3.** Complete section 5 about French-language education rights... it's new for this enumeration. In areas of the province where school boards operate both English and French schools, English and French-language school trustees will be elected.

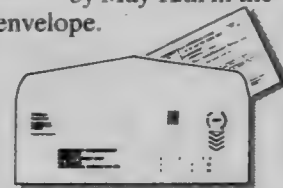

If you have French-language education rights, you will be able to vote for French-language school trustees.

|     |     |
|-----|-----|
| YES | F   |
| NO  | E/A |
| NOT |     |

**Step 4.** Sign your name in the space provided at the bottom of the notice.

**Step 5.** Return the notice by May 12th in the postage paid envelope.

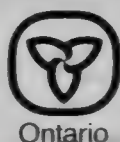

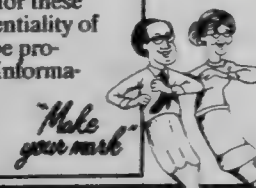

The information you give will be used by your municipal and provincial governments to:

- prepare the voters list for local government elections to be held on November 14, 1988
- direct your school taxes (as a tenant you can do this since part of your rent is for taxes)
- identify English-language and French-language electors for school board trustees

You are required by law to complete and return this notice.

- select prospective jurors
- prepare the Ontario population report
- update assessment records on ownership and tenancies
- help municipal and school board planning

The information will be used for these purposes only and the confidentiality of all personal information will be protected under the Freedom of Information and Protection of Privacy Act, 1987.

NEED HELP? If the information on the back of the notice doesn't answer your questions, call toll free 1-800-263-1988 or contact the Regional Assessment Office shown on your notice.

# Acid rain effect is worst in the spring

(from page 23)

from the combustion of fossil fuel and non-ferrous smelting operations, and nitrogen oxides formed from vehicle exhausts and electrical power generation are the main components of acid deposition. When this particulate matter is dissolved in rain or snow the precipitation becomes a weak acid solution.

Remoteness from the source is no protection. The pollutants may travel for miles before they fall as

acid precipitation. The famous Inco smokestack has alleviated sulphur dioxide pollution in the Sudbury area, but has simply dispersed it to plague other areas.

In southern Ontario where the rock is often soft sedimentary limestone, the limestone acts as a buffer helping to neutralize the acid. The thin soil and granite of the Canadian Shield, offer no such protection. Unless emissions of sulphur dioxide and nitrogen oxides can be significantly reduced,

damage to aquatic and plant life on the shield will increase. Ontario Environment Minister James Bradley's program Countdown Acid Rain is a serious attempt to reduce sulphur dioxide emissions by 50% from the 1980 level. The target date is 1994.

But it is often difficult to see any progress. Although sulphur dioxide levels have declined significantly over the past 25 years, Ontario Hydro, a major source of sulphur dioxide emissions, has admitted that its 1987 sulphur dioxide emissions

actually increased 80,000 tonnes from 1986. Recently the federal government passed new emission standards for cars and light trucks which bring Canadian nitrogen oxide emission standards to the same level as those in force in the U.S. But neither the U.S. or Canada is tackling the problem of significant reduction of nitrogen oxide emissions. The legislation is there, but politicians often fear the economic consequences of strict enforcement. The long-term economic signi-

ficance of dead lakes and sick forests has not yet penetrated the political imagination.

Even if Ontario reduces its emissions on schedule, the United States, whose emissions cause much of the acid deposition problem in Ontario, refuses to commit itself to any schedule for cleanup. Ultimately only an informed and vocal public can guarantee that governments will act to reduce pollution at source. Politicians respond to public opinion, especially

if people can point to specific damage in their area. Improving our polluted environment is a little like the Lilliputians trying to move Gulliver. It can be done, but it will require persistence and co-operation. It would be pleasant once again to listen to the drip from the eaves without worrying.

For those concerned about the effects of acid deposition on forests, there is a conference on Forest Decline August 8 - 11 sponsored by The Federation.

## around the county town

by Jeanne Sears. Call 286-1538

The winners of the Ice Derby at Club 35 this week were Hal Burton and Helen Windsor. Also on a winning streak were John Foster and Millie Beattie as high man and lady at the Monday night euchre games while the door prize went to George Alsop. Our information is that most lone hands went to Alex Stevenson, but we wonder if that indeed is just a rumour? The other winners included Margaret Foster, Bill Kleinschmidt and Eleanor Kleinschmidt.

Art and Jean Marsh enjoyed a visit last week at Woodstock with relatives.

Sorry to hear that Stan Griffith, the jeweller of Kinmount, is rushing the season by wearing a white boot up to his knee! Hope you feel better soon Stan, take it easy on Jean.

Bradley Robinson of Toronto was a weekend visitor with his mother Mrs. Phil Robinson.

Wilma and Cliff Barry of Haliburton and Mrs. A. Coulter were in Peterborough visiting relatives for several days last week.

Mr. and Mrs. Paul Warburton and boys of Toronto, Mrs. J. Warburton and myself enjoyed a brief visit with Mrs. Harold Sears and Bill Sears of Toronto at Dorset last Saturday afternoon.

At the Tuesday night euchres at Lochlin centre,

winners included Earl Schellenberg with most lone hands and others. Don Sinclair, Eleanor Pye, Garnet Sedgwick and Reta Croft. The next games there are May 10.

Some of the people at Sunrise apartments enjoyed a dinner party at Hollow Valley April 24 and later returned to play euchre at their residence. Those present included Florence Schlosser, Jim Budd, Martha Mansfield, Clara Francis, Mary Windover, Elsa Seuret, Norah Minarski, Vera Ward, Freda Harrison, Lil Porter, Jean Lacey, Richard Walker, Jean Jennings and Ada Turrall as well as Mr. and Mrs. Lee. Everyone enjoyed a great time.

Bernie Francis and Bessie Burk enjoyed a visit one day last week with Mr. and Mrs. Earl Sedgwick at Fenelon Falls.

There was a birthday tea part at the home of Linda Elliott for her mother Mrs. Martinez with a goodly crowd of ladies attending on Wednesday April 27. Belated good birthday wishes to Mrs. Martinez.

Winners at St. Paul's Anglican Church card party Thursday included Joyce Hewitt with ladies high while Lil Porter took the low and Gladys Wruth took the men's high and Joe Dollo the low. Most lone hands went to Pearl Cowan.

Tuesday afternoon bowlers had their banquet Monday April 26 at St. Paul's Parish Hall to finish off the season. All enjoyed an excellent meal catered by the A.C.W. and cards followed.

Mary and Doug Kellett of Sutton spent a few days with Gladys Kellett-Wruth.

Brenda and Shawn Cox of Bancroft visited relatives one day last week.

Douglas Shaw, who has been attending Durham College in Oshawa, is spending the summer working with his father.

The Tuesday luncheon euchre games at the Fireside on April 26 had as winners - lone hands Rheta Brown and Mitzi Alzner, Hilda Rush, Lil Porter and door prize went to Joe Dollo.

Congratulations to

Muriel Reimer and Jack Harrington who were married recently.

Sincere sympathy to the families and friends of the late Roy Brohm, John Vanluyk and Nene Duxbury of Manitoulin Island, whose funerals were since last week.

Good wishes to the following people who have been under the weather recently - Betty Harper, Dora McCracken, Ivy

Monday, May 2, 1988

Angliss, Dorothy Bull and Johann Beattie.

Coming events are Senior Curling Club general meeting and election Tuesday May 3 at the club and for May 10 Rotary Bingo at the Minden Recreation Centre and also May 10 Minden Agricultural Society meeting at the fairgrounds. A museum meeting will be held at the Minden Library/Cultural Centre at 10 a.m. on May 11.

## News from Staunworth Court

## Summer is on its way

Summer is coming, I believe, so - eat, drink and be merry, for next month we diet!

\*\*\*

We are happy to welcome home Mabel and Len Trodd. We understand Mabel was quite ill while she was away but is feeling stronger now.

\*\*\*

Get well wishes go out to Frank Ferris and George Davidson at home; to Corinne Bonneville who just returned home from Barrie hospital, to Ivy Angliss who is at present in Minden hospital; and to Henry Howe who is recuperating at son Joe's in Markham.

\*\*\*

Did you know that worry is like a rocking chair? It keeps you occupied but does not get you any where! Right?

\*\*\*

Recent visiting was done by Emily Poole with her family at Richmond Hill. Shirley Vank at Tillsonburg with her family. Jean and Art Marsh with their family at Woodstock. Doris and Mel Foster had an enjoyable bus trip to Wheeling, West Virginia.

\*\*\*

To our April birthday folks, Eleanor Pye, Lillian Davidson, Shirley Vank, Mark and Carrie Vasey - "May all the joy you bring to others be yours to enjoy always."

\*\*\*

The April meeting of our senior's club was way successful. Our president Holly stressed that our club guidelines would be voted on in May meeting and she would like everyone to attend.

\*\*\*

Our supper of the month was very successful. Being a pot luck supper there was an abundance and plenty of variety. The birthday cake was shared with Lillian, the others were absent. The draw for the lovely quilt was made by Henry. The lucky recipient was No. 46, Mark and Carrie Vasey. Jean thanked those who shared in the quilt draw, in the making of the quilt and the food conveners Melissa and Holly. It was a very enjoyable evening indeed, and we concluded with a few games of euchre.

\*\*\*

In the April 4 issue of The Times, the council, or whoever saw fit to announce first of all, Minden seniors and later, specifically the folks of Staunworth Court, that "free rides end."

I was very disappointed to find that you, the council or whoever, had to resort to this method of passing the word along to us. I just wonder why you could not come in the same manner as you came to announce you were going to provide free transportation to all seniors, for

shopping. (Election talk, I presume).

However, we do thank you for this service you promised, but we do not feel we are 'freeloaders' - we read this into your quote "free rides end."

We are very independent respectful and appreciative people here in Staunworth Court apartments and would have thoroughly understood your financial problems had you appeared and talked with us. Experience with age taught us this.

We do appreciate any and all favours bestowed

taxi driver lady for her kindness also.

\*\*\*

Do not forget, Mother's Day coming up soon. Many make a household, but it takes one to make a home - Mother.

\*\*\*

One of life's embarrassing moments: Imagine after making a much needed trip to the washroom and you are serenely admiring your profile in the mirror, you notice a small sign on the wall - Smile - you are on camera!!

So long.

M.H.

**EXECUTIVE** 3 bedroom, 3 bath brick home on 10 acres of parkland. Brick entrance pillars make this exclusive home extremely private. Includes fireplace, double garage, major appliances and finished basement. \$139,000. Call Linda.

**THINKING OF RETIRING CLOSE TO TOWN:** I have just the place for you. This 3 bedroom home is only 2 miles from Minden on a very neat and tidy lot that is easy to maintain. But that's not all. It has a finished rec. room with a bar and a very pretty untouched french provincial living room. Imagine retiring here! \$104,900. Call Vince.

**HORSESHOE LAKE:** fully insulated cottage with a south eastern exposure and an excellent sand beach. Furnished, with a stone fireplace, T.V. antenna and rotor, electric heat. \$89,900. Call Larry.

CALL TODAY for the current issue of the FREE BOWES & COCKS PROPERTIES CATALOGUE showing hundreds of area properties for sale.

"WHERE THE ACTION IS"

# First impressions count

Prepared by the Haliburton District Real Estate Board.

Now that warmer days are approaching you may be getting itchy feet and thinking of selling your present house or cottage.

If this is the case, you'll want to make it as saleable as possible. Real estate salespeople and brokers of the Haliburton District Real Estate Board can advise you on how to best make your property as attractive as possible to potential purchasers.

Increasing the saleability of your house depends to a great extent on creating favourable and lasting impressions with prospective buyers. Creating a good first impression requires that you pay special attention to cosmetic fix-ups to the interior and exterior of

your house. The key is, don't go overboard and send your repair costs sky-high.

All you need is some planning and creativity to clear up any blemishes and bring out the best in your home or cottage. Before you make any changes, take some time and examine what you can do with relative ease at a minimal cost.

Approach your property with a critical eye and prepare your house so that his first impression will be a good one. This means cleaning your home so that it sparkles inside and out. Small things like a freshly cut lawn and well cultivated flower beds help make your property more desirable to a potential buyer. By uncluttering your basement, attic and garage, you can show off the storage space in your

home to the best advantage.

## Small things count

Dripping taps and burned out light bulbs make a house look like it has not been well maintained. This could turn a buyer off. Sure ways to liven the look of your rooms are to hang new wallpaper and apply a fresh coat of paint.

This doesn't mean that you have to spend a fortune, as long as everything is in good condition and looks fresh.

Hang a mirror or picture on a bare wall, plaster any cracked walls, use plants to create a warm atmosphere scrub counters and sinks to a brilliant shine, test doors to see if they stick or squeak, secure loose tiles or steps. Bring out the best in your property because it can only be to your

advantage.

When sales representatives come to show the house to a prospective buyer, it is best to let them do the talking. Do not accompany the buyer when he is inspecting your house. You will be called if you are needed.

The sales person will discuss the price and terms of the sale with the prospective buyer. You already let the broker know the price and conditions you want, so it is unnecessary to discuss these during an inspection.

It is important that your present your property in such a way that the prospective buyers recognize its potential. You may not realize it, but you have considerable control over how quickly your property sells and for what price it sells for.

## One spoke in the wheel

### gallery glimpses

AGNES JAMIESON GALLERY by Aileen Blears

This article is written to keep you up to date on the comings and goings at the Agnes Jamieson Gallery.

The Gallery is one spoke in the wheel of The Cultural Centre, the others being the Minden Library and the Minden County Town Museum. The building houses facilities for meetings and for the coming-together of those who pursue the many-faceted media of arts and crafts.

Both the Board of Directors and you, the public, are responsible for the success or failure of the Gallery. Day to day, the gallery is in the capable hands of Alice Don.

Who is on the board, you ask? Read on -

Chairman Ron Murdoch, Barbara Elder, Mary Endicott, Peggy Gammon, John Sagal, Jessie Pflug, Marion Hill, Aileen Blears. Your job is to support them by joining the gallery and by attending the several shows each year that are sponsored by them on your behalf.

We are pleased to announce that we have a new display case. This case is a "see-through" from every angle and is ideal for the display and sale of craft articles. If you wish to use this facility, Alice Don will be pleased to hear from you. We expect that this case will be in great demand and we may have to resort to a system of rotation in order to

accommodate everyone. Give Alice a call at 286-3763 and be one of the first on the list.

An on-going project at the Gallery is the restoration of the Andre Lapine Collection which is in need of some professional help in order to preserve it.

Some of the paintings have already been restored and others are in the process. This involves cleaning, repairing, matting and framing. They are being done a few at a time as it is quite an expensive undertaking. Eventually, all of the Lapine pieces will be restored and will be hung with pride in the gallery.

Currently at the gallery, Sharon Lynch has an exhibit of People, Animals and Landscapes in watercolour and pen and ink drawings. This exhibit will run until May 11. On May 14, Jean Willson opens her exhibit in

watercolours, acrylics, collographs and monographs. This show continues until May 28. You are invited to meet Jean and enjoy refreshments from 2 to 4 p.m. on Saturday, May 14.

John Eakins, M.P.P.

invites his constituents to use this toll free telephone number

1-800-461-7672

if his office can be of assistance.

## CARD OF THANKS

I wish to thank all my wonderful friends, neighbours and relatives for the beautiful flowers, cards, visits and loving care. With special thanks to The Times staff, Dr. Moga, Dr. Dawson and staff and the Minden Hospital staff. You are all greatly appreciated.

Jean Lacey

**UPTON:** The family of the late Sharon Upton would like to thank their relatives friends and neighbours for their many acts of kindness during the illness and loss of a beloved wife and mother. For floral tributes, donations, cards, food, prayers, phone calls and for prepared meals brought to our home over the past weeks. We also wish to thank the ladies for the lunch served after the service. A special thanks to Dr. Belch, Dr. Heyes, the V.O.N and nurses and staff of Peterborough Civic and Haliburton hospitals and the Gordon A. Monk Funeral Home.

Karl, Bernie & Donna

## IN MEMORIAM

**WARBURTON:** In loving memory of our daughter Donna-Lynn, who passed away April 29, 1965. Please God forgive our silent tears.

A fervent wish our daughter was here. There are others, yes we know But she was ours, we loved her so.

Dear God, take a message. To our daughter in heaven above.

Tell her how much we miss her

And give her all our love.  
Ever remembered  
by Mom and Dad
